## 2024 Key Numbers for Health Savings Accounts

The IRS recently released the 2024 contribution limits for health savings accounts (HSAs), as well as the 2024 minimum deductible and maximum out-of-pocket amounts for high-deductible health plans (HDHPs). What is an HSA?

## An HSA is a tax-advantaged account that enables you to save money to cover health-care and medical costs that your insurance doesn't pay. The funds contributed are made with pre-tax dollars if you contribute via payroll deduction or are tax deductible if you make them yourself using after-tax dollars. (HSA

via payroll deduction or are tax deductible if you make them yourself using after-tax dollars. (HSA contributions and earnings may or may not be subject to state taxes.) Withdrawals used to pay qualified medical expenses are free from federal income tax.

You can establish and contribute to an HSA only if you are enrolled in an HDHP, which offers "catastrophic" health coverage and pays benefits only after you've satisfied a high annual deductible. Typically, you will pay much lower premiums with an HDHP than you would with a traditional health plan such as an HMO or PPO.

If HSA withdrawals are not used to pay qualified medical expenses, they are subject to ordinary income tax and a 20 percent penalty. When you reach age 65, you can withdraw money from your HSA for any purpose; such a withdrawal would be subject to income tax if not used for qualified medical expenses, but not the 20 percent penalty.

## What's changed for 2024?

Here are the updated key tax numbers relating to HSAs for 2023 and 2024.

Health Savings Accounts	2023	2024	
Annual contribution limit			
Self-only coverage	\$3,850	\$4,150	
Family coverage	\$7,750	\$8,300	
High-deductible health plan: self-only coverage			
Annual deductible: minimum	\$1,500	\$1,600	
Annual out-of-pocket expenses required to be paid (other than for premiums) can't exceed	\$7,500	\$8,050	
High-deductible health plan: family coverage			
Annual deductible: minimum	\$3,000	\$3,200	
Annual out-of-pocket expenses required to be paid (other than for premiums) can't exceed	\$15,000	\$16,100	
Catch-up contributions
